Dear Sir

May all blessings be with you on your return to your country! What a different departure from them! How privileged are you!

It is a great privation to me not to have gone to greet you face to face, but I am not a free woman, and must submit to my bondage.

Remember me always as
one who has ever sympathized
in your labours, and joyed
in your successes; with
thankfulness to the Heavenly
Father, and believe me, with
much respect,
yours most truly,
Mary Grew
